### **DETAILED ACTION**

This supplemental office action is in response to applicant's representative request (Mr. Mark Elchuck)--request was made during a telephonic interview in the second week of November-- to reconsider the allowability of claims 6-8 because these claims failed to further limit independent claim 1 but rather the claims were directed to a non-elected invention. Upon further review examiner has determined that previously allowed claims 4, 6-8 and 25 were directed to a non-elected invention. Accordingly, claims 4, 6-8 and 25 directed to an invention non-elected without traverse are being cancelled.

This application is in condition for allowance except for the presence of claims 4, 6-23, and 25-27 directed to an invention non-elected without traverse. Accordingly, claims 4, 6-23, and 25-27 have been cancelled.

### ***Allowable Subject Matter***

Claims 1-3, 5, 24 and 28 are allowed in view of applicant's amendment to the claims (see amendment filed on 8/23/07).
